

Resourceful Upcyclers Sprint 5 Plan

Resourceful Upcyclers Team

Sprint 5 Start Date: 6/4/2018

Sprint 5 Completion Date: 6/10/2018

Goal

Address some backlogged functionality fixes (i.e. uncompleted tasks from previous sprints and stretch goals previously mentioned) and UI updates so as to unify the site under a consistent theme.

Task listing by User story

1. As a customer, I want to see all features previously promised to be completed so that I know the developers care (3 points)
 - a. Business Image upload works when creating a business page (3 Points) (Riley)
2. As a customer, I want the site to be bug-free and functional so that I don't have to struggle to use it. (13 Points)
 - a. Create superuser for Django admin interface on prod (3 points) (Ryan)
 - b. Categories should show only one business's Category section (2 points) (Sean)
 - c. Selecting a parent category should show the name of the category, not Category object (3 Points) (Sean)
 - d. Putting item in a category should add it to it's parent's category too (1 Point) (Sean)
 - e. CSV Upload fix error with location setting (2 Points) (Sean)
 - f. Test, identify, and fix bugs throughout the site using github's issue tracker (2 points) (Andrew)
3. As a user, I want all UI elements from Sprint 1-3 to cohesively work together so that I can easily flow between the site functionality. (4 points)
 - a. Adjust the layout and UI of pre-existing pages to more accurately match that of the current splash and profile pages. (4 points) (Andrew)

Team roles

Sean Gordon - Project Owner, Developer

Riley Honbo - Developer (Scrum Master)

Ryan Schouweiler - Developer
