Working Prototype Known Problems Report

Resourceful Upcyclers: Winter 2018

Project Owners (Sponsors): Todd Anderson
Team Members:
- Sean Gordon (skgordon@ucsc.edu)
- Ryan Schouweiler (reschouw@ucsc.edu)
- Riley Honbo (rhonbo@ucsc.edu)
- Andrew johnson (aalkahel@ucsc.edu)

Known Problems:
For a real-time view of current project issues, visit out GitHub issue tracker:
https://github.com/no-whey/ResourcefulUpcyclers/issues

- There are a couple image-scaling issues when editing items
- Marking an offer as "interested" is not implemented
- Searching can only find single tags
- Some issues with assigned categories not updating
- Searching by category does not display items in its subcategories
- "Category Object (#)" is shown instead of its name on dropdown menus
- Django Admin interface is not working, and public code to create one on AWS is non-functional
